Construction Cost: \$12,000,000

Contract Type: Design-Build / Renovation

Project Schedule: December 2005 - March 2006

Description:

Complete medical service facility consisting of 80,000 s.f. of first class offices, exam and procedure rooms for nephrology, primary care, gastroenterology, physical therapy, women's health, surgery, endoscopy, phlebotomy and durable medical supplies. Upscale mall style common corridors provide access to all suite areas for the general public. The facility also has a dedicated deli-cafe. The administration offices for the JAMA group are located on the second floor mezzanine area.

Project Highlights:

- The project financing was significantly enhanced through the use of "Brownfield" tax credits.
- The project consolidated numerous medical procedures under one roof to better serve the community.
